REPUBLIC OF ZAMBIA
Central Statistical Office
2019 Rural Agricultural Livelihoods Survey (RALS19)

Informed Consent Form

This survey is part of a team effort at the Central Statistical Office aimed at studying options to improve crop production and marketing, and food consumption among smallholder farmers. Your help in answering these questions is very much appreciated. Your responses will be kept COMPLETELY CONFIDENTIAL to the maximum extent allowable by law. If you choose to participate, you may refuse to answer certain questions, or you may stop participating at any time. Your responses will be summed together with those of roughly 7,934 other households in Zambia and general averages from analysis will be reported. You indicate your voluntary consent by participating in this interview; may we begin? If you have questions about this survey, you may contact the Director, CSO headquarters in Lusaka. If you have any questions for IAPRI about this survey, you may contact Mr. Chance Kabaghe at +260 211 261 194/97.

1.	Province	prov			
2.	District	dist			
3.	Cluster Number	cluster			
4.	Household Serial Number	hh			
5.	Interviewer: Explain the Informed Consent Form and then click on "Yes" that the respondent understands the form. 1= Yes 2= No consent				
6a.	Is "name of head in 2015" still correct for this household?	1= Yes → go to 7a 2= No	hh_head_chk		
6b.	Current name of Household Head (if changed)	name19			
7a.	(Enum: Is the respondent the head?)	1= Yes → go to 8a 2= No	resp_chk		
7b.	Current name of Main respondent (if different from the head)	resp19			
8a.	Is "name of locality/village" correct?	1= Yes → go to 9 2= No	vil_chk		
8b.	Enter correct name of the locality/village	vil19			
9.	Is this area a resettlement area?	1= Yes 2= No	resettle		
10.	Who is the Chief in this area? (Select name from dropdown box; if no chief, select "No Chief (998))	chief			
10.a	If the choice was 999 (Other (specify)), please write the name of the chief.	chief_oth			
11.	GPS Coordinates:	s_dd_new	Decimal degrees		
		e_dd_new	Decimal degrees	0	
12a.	Is the cellphone that the respondent has access to "xxxxxxxxx" correct?	1= Yes → go to Q.12c 2= No	cp_chk		
12b.	Cell phone number of the main respondent (if changed) (Enumerator: record the best phone number at which to reach the main respondent)	cellphone19			
12c.	Is the household in the same location as it was in June/July 2015?	1= Yes → go to Q.13 2= No	samelec		
12d.	Interviewer: Is the household still located within the EA boundary?	1= Yes 2= No	samesea		
13.	RESPONSE STATUS 1=initiate 2=Refusal	rstatus

SECTION 1: DEMOGRAPHIC CHARACTERISTICS OF HOUSEHOLD MEMBERS

1.1 Tell us about each of the members who were listed during the 2015 survey. Insert the corrected name if it is not spelled correctly. If the household has new members, add their names. If this household is part of a polygamous family, ask only about the household members at this particular household. (Members from previous survey will be filled.) Names will be displayed of the members listed in 2015. Ask about each member. Number of members: xx. Add any new members to the table who joined during the reference period.

Table 1.1 Demographic Characteristics of Members *Key variables: cluster, hh, mem* *Reference Period: Beginning of May 2018 to end of April 2019*

		(Ask of members from 2015)				New mem								(Ask if born before 2008)		2017/18 growing season (Oct 2017 to April 2018) and born before 2008		
ID	Name (<i>Enumerator: All members listed in 2015 are included below. Ask about each of these members. Insert the corrected name if it is not spelled correctly. Add new member names here.</i>)	Between May 2018 and April 2019, in how many months has been away from the household? (If 12 months or more, enter actual months away, e.g. 16.)	(Ask if DA00a =0 and old member) What is the main reason went away from the household ? (See codes below)	(if DA00a >0 and old member) Are the months away from the household permanent or temporary? 1=permanent to urban area 2=permanent to rural area 3=temporary to urban area 4=temporary to rural area 5=permanent outside country 6=temporary outside country If da00a >= 12 months → go to next HH member	(New members only) Why did this new member join the household since the past survey? (See code below)	The year of birth is displayed. Ask the respondent to confirm the correct year this person was born. In which year was born? Enter the year again even if it is correct.	What is the sex of ? 1=male 2=female (The entered value will be compared to 2015 for confirmation.)	What is the relationship of to the current head? (see code below) (if born in 2014 or later, go to next member)	(Ask if born before 2008) What is the marital status of? (see code below)	Is..... attending formal school? 1 = Yes 2 = No	What is the highest level of formal education completed? (see codes below) (if born after 2007, go to next member)	Between May 2018 and April 2019, was chronically ill/disabled and unable to perform household duties for at least three (3) months? 1= Yes 2= No → go to da07_0	(Ask if DA08= yes) When did first become ill/ disabled ? (See codes below)	Was this person a household member in the 2017/18 growing season (Oct 2017 to April 2018)? 1=Yes 2=No → go to next member	How many labor days did this person contribute to this household's farm in the 2017/18 growing season: 1=none at all → go to next member; 2=less than 20 days; 3=more than 20 days	Between Oct. 2017 and Apr.2018, did this person contribute more labour days to work on this farm, or more to other activities off of this farm? 1=more to this farm; 2=more to other activities 3=about equal

	12=other (specify)_____	9=old age/need help	14=other (specify)_____							

Record the respondent number by picking from the dropdown box.

1.1.1.0a	Select the member number of the respondent.	resp_mem	
----------	---	----------	--

1.1.1	Enumerator: Is the head of this household polygamously married ? The program will check and if the head is polygamous these questions will be available. Otherwise go to 1.1.2 1=Yes 2=No → go to Q1.1.2	hh01a	
1.1.1.1	(If [1.1.1] = yes, ask) How many wives in total are there in the polygamous marriage ?	Number	hh01b
1.1.1.2	How many of these wives live at this homestead ?	Number	hh01c

1.1.2 We would like to ask who the main and secondary decision-makers are in the household.

1.1.2a Between May 2018 and April 2019, who was the **main person** responsible for **day-to-day decision-making** in the **household**? **Enumerator:** select the household MEM from the dropdown box

hh02a	hh02b
MEM:	Name:

Enum: The next question will not be available if there is only one adult (born before 2010) in the household.

1.1.2b When the **person** named in the previous question [1.1.2a] **was away or not available**, who was the **main person** responsible for **day-to-day decision-making** in the **household** between May 2018 and April 2019?
Enumerator: select the household MEM number from dropdown box.

hh03a	hh03b
MEM:	Name:

1.2. Household head's Parents' history

INTERVIEWER: If any of the parent/guardian is deceased or retired, ask in PAST TENSE.

Key variables: **cluster, hh, pg00**

Code	Is the head's father/guardian (mother/guardian) still alive? 1=Yes 2=No 3=Don't know (if head is the same → go to pg05)	Ask only if the household head is not the same head as in 2015			Approximately how much land is/was owned by the head's? (estimate if don't know)	
		Interviewer: If Alive or Dead What does/did the head's spend most of his/her life doing? (primary occupation)? 1=Full-time farming 2=Self-employed non-agricultural 3=Private sector wage earner 4=Public sector/civil servant 5=Other (specify) _____ 6=Don't know 7=Homemaker 8=Chief or headman/ assistant to chief or headman	What is/was the highest level of formal education.... completed ? (see codes below)	What major role does/did the head's play in the community ? (see codes below)	Quantity	Unit 1= Lima 3=Hectare 2=Acre 4= Sq. meters
pg_id	pg01	pg02	pg03	pg04	pg05	pg06
Father/guardian	1					
Mother/guardian	2					
Jointly/guardian	3					

Education levels (pg03)						Major role (pg04)	
-9=Do not know	02=Standard 1; Grade 2	06=Standard 5; Grade 6	10= Form 3; Grade 10	13= Form 6 Lower	17=Certificate/Diploma	1=None	6=Community school teacher
00=None	03=Standard 2; Grade 3	07=Standard 6; Grade 7	11= Form 4; Grade 11	14= Form 6 Upper	18= Bachelors Degree	2=Chief/Chieftainess	/ health/ extension worker
01=Sub-standard A; Grade 1	04=Standard 3; Grade 4	08=Form 1; Grade 8	12= Form 5; Grade12	15= College Student	19= Masters degree & above	3=Headman/ Headwoman/ Advisor to the chief	7=Other (specify) _____
01=Sub-standard B; Grade 1	05=Standard 4; Grade 5	09=Form 2; Grade 9		16= Undergraduate student		4=Chairperson of a village committee/ association/ cooperative	8=Do not know
						5=Religious leader	9:Village/local government

SECTION 2: FARM LAND AND USE

- 2.1 Interviewer:** Tell the respondent that we would like to know about the household farmland and use during the 2017/2018 agricultural season. The steps to gather this information are:
1. First, ask for all crops that were grown by the household in the 2017/18 agricultural season. 2. Then ask in how many fields each of the crops were grown. 3. Ask direction and sketch ALL fields that were cultivated (including rented in/borrowed in), and write the crops in that field. If the crops are not intercropped or mixed, split the field into separate fields for each crop that was pure stand. If the field has vegetables, write those on the sketch as well. 4. Sketch all other fields - rented-out or borrowed-out, the other land uses and land cultivated/managed on behalf of an absentee owner. Label (in words) on the sketch the land use of each field. 5. Sequentially number the plots following the instructions from the enumerator manual. For cropped fields, pure stand cassava fields are numbered last. 6. Write the area for each crop in each of the fields. Record the year and month of planting if a cassava field. 7. Fill in the All Fields Table with the number of fields in each category.

Table 2.1 All fields Key Variables: cluster, hh, fieldtype

Reference Period: 2017/2018 agricultural season (1st October 2017 – 30th September 2018)SKETCH ALL THE FIELDS and list crops within each cultivated field. (Follow instructions in manual.)

Types of fields		During the 2017/ 2018 agricultural season did the household have any? 1=Yes 2=No → go to next fieldtype	How many did the hh have?
	fieldtype	usefield	numfld
Cultivated/Cropped fields			
Own cropped fields	1		
Rented in cropped fields (cash/in-kind payments)	2		
Borrowed in cropped fields (without payment)	3		
Other fields			
Gardens	4		
Fallow fields (natural)	5		
Fallow fields (improved)	14		
Rented out fields (received or will receive cash/in-kind payment)	6		
Borrowed out fields (without payment)	7		
Orchards	8		
Virgin land (never cultivated)	9		
Personal Woodlot (not communal land)	10		
Land cultivated / managed on behalf of an absentee owner			
Fields cultivated on behalf of an absentee owner (household farms the fields but cannot keep/sell most of the produce)	12		
Other land managed on behalf of an absentee owner	13		
If household has other types not included above specify:			
Other (specify) _____	11		

2.2 The sketch shows that this household has _____ fields. Please tell us about each of those fields including fields cultivated or managed on behalf of absentee owners.

2.2.1a	Does this household have any field?	1=Yes	2=No → go to section 3.3	have_field	
--------	-------------------------------------	-------	--------------------------	------------	--

Enumerator: Ask the respondent to give you the details about all of those fields. NOTE: example: 1=1 field, 2=2 fields, 3=3 fields, etc.

Table 2.2.1b Fields Key Variables: cluster, hh, field Reference Period: 2017/18 agricultural season

Field ID		Enumerator: What is the land-use of this field? Transfer land use from the field sketch.	Enumerator: ask if f01=1 (own cultivated field) Was this a new field, i.e., virgin/never cultivated before or new field from land that was fallow? 1=Yes, virgin/never cultivated 2=Yes, from fallow land 3=No	Enumerator: What is the area of this field ? Transfer the area from the sketch.		What is the distance of this field from the homestead		Who primarily decided how to use this field? (if a current member, select name from drop-down box) (see codes below)	Enumerator: Ask if F01=5 or F01=14 or F01A=2. For how long has this land kept fallow? (Years) Enter 0 if less than 1 year	(Ask next 3 questions if field not rented/ borrowed in) What is the tenure status of this field? 1=state land titled – title already given 2= state land titled – title still being processed 3=state land (not titled) 4=former customary land titled (title already given) 5=former customary land titled (title still being processed) 6=customary no title 7=chief's certificate 8=I don't know (for f01=12 or 13 only) 9=other (specify)_. (If f01 = 12 or 13 →go to next field)	Ask remaining questions for f01 < 11 and f01=14 only. Do not ask for absentee owner fields (f01=12 and f01=13).											(Ask only if cultivated)
				Area of field	Unit	Distance	Unit			How did this household acquire this field?	From whom did this household obtain this field? (see codes below) (If F01=9- virgin land or 10=wood lot →go to f15)	Was this field in a wetland/dambo area?	Did the HH irrigate this field?	Is this field prone to soil erosion and/or flash flooding?	What, if anything, did the hh do to prevent soil erosion and/or flash flooding in this field? (see codes below)	What main crop or use did the hh put this field to in the 2016/17 agricultural season (2 seasons ago)? (see crop/use codes below)	How was the crop/field residue from this field from the 2016/17 agricultural season (2 seasons ago) mainly used or disposed of? (see codes below)	What main crop or use did the hh put this field to use this agricultural season (2018/19)? (see crop/use codes below)	Are there any trees/ shrubs growing in this field? 1=Yes 2=No

2.2a Agroforestry and New Field

Table 2.2a Agroforestry Key Variables: cluster, hh, field Reference Period: 2017/18 agricultural season

	Enumerator: Ask if F12=1 Please ask the respondent about the trees/shrubs in the field (afl01, afl03)		Enumerator: Only ask these questions if this was a new field, thus f01A=1 or f01A=2	
Field ID	What is the main tree/shrub species in this field? (see codes below)	How many trees/shrubs where in this field? (including border) (Enter ' -99' if not sure)	What was the land use before cultivating this field in 2017/18 agricultural season? (see codes below)	Why did the household mainly decide to add this new field in the 2017/18 season? (see codes below)
field	afl01	afl03	nf01	nf02

Tree/Shrub Species (afl01)		Land Use (nf01)	Main reason to add field (nf02)
1= <i>Faidherbia albida</i> (musangu)	15=Other (specify)_____	1=Virgin land/pristine forest (never cultivated before)	1=To increase production to meet household consumption needs
2= <i>Gliricidia sepium</i>	16=Tuchimba	2=Fallow land (natural)	2=To increase production for sales to FRA
3= <i>Sesbania sesban</i>	17=Mutondo	3=Fallow land (improved)	3=To increase production for sales to other private buyers.
4= <i>Tephrosia vogelii</i> (ububa)	18=Mubanga tree	4=Grass land	4=Improved accessibility of FISP inputs
5=Mpundu tree	19=Kachimba / kachiva	5=Protected area e.g. forest or game reserve	5= Improved accessibility of farm inputs from private traders
6= <i>Jatropha</i>	20=Mpasa	6= Dambo/wetland (never cultivated before)	6=Availability of good virgin arable land
7=Nyamundolo	21=Mubombo	7=Other (specify)_____	7=Reduced soil productivity
8=Acacia	22=Mwanda / Mwanza		8=To secure land tenure
9=Musekese	23=Muonga		9=New settlement
10=Lukina (<i>Leucaena</i>)	24=Musuku		10=Other (specify)_____
11=Moringa (zakalanda)	25=Musiwe tree		
12=Masau	26=Mukuyu		
13=Mulubeni	27=Mukololo		
14=Fruit trees			

2.3 Land Use

Enumerator: Please list below only cultivated fields from the sketch. These are use codes F01 = 1 or 2 or 3 (cultivated) in Table 2.2.1. Remember to include cassava fields.

Table 2.3.1 Farm Land and Use

Key Variables: cluster, hh, field

Reference period: 2017/2018 Agricultural Season

Field ID (enter appropriate field number from Tbl 2.2.1 f01 = 1, 2, or 3)	What main crop or use did the hh put this field to in 2017/18? (see codes below)	Enum: Transfer from sketch if the field is monocrop or mixture 1=Monocrop 2=Mixture	Enum: Check the sketch – are there vegetables and/or fruits scattered here and there in this field? 1=Yes 2=No	What types of tillage methods were used in this field? List up to three, starting with the most important method first then the second most important and then the third most important. (see codes below)			On what percentage of the field did you use the tillage methods indicated in FL04a to FL04c (Record the response on the scale of 0 to 100. If only one method was used, enter 100 in fl04d, and then go to fl05)			What was the main type and source of power used for the main type of tillage? (see codes below)	When was most of the main tillage method done? 1=Before the rains 2=During the rainy season	How many weeks after planting did the hh finish the 1 st weeding (manually or with herbicide)? Enter “0” if < 1 week Enter “-9” if did not weed →go to fl10	How many complete weedings (manual or with herbicide) did the hh do in this field?	How many times was the field sprayed with herbicide? (Complete sprays) (Enter “0” if field not sprayed)	How many times was the field sprayed with insecticide? (Complete sprays) (Enter “0” if field not sprayed)	How many kgs of lime did the hh apply? (Enter “0” if they did not apply) (kgs)	Did the HH apply animal manure and/or plant manure/compost to the field? 0=None 1=Yes, animal manure 2=Yes, plant manure/compost 3=both	What type and quantity of basal dressing fertiliser did the hh apply? Type (see codes below) If “0” → go to fl15	Amount & Unit	How many weeks after planting did the hh apply basal dressing fertiliser? Enter “0” if < 1 week, “-9” if before planting limit to maize monocrop fields only	What type and quantity of top dressing fertiliser did the hh apply? Type (see codes below) If “0” → go to next field	Amount & Unit	How many weeks after planting did the hh apply top dressing fertiliser? (Enter “0” if < 1 week -9 if before planting limit to maize monocrop fields only)	How many crops were in this field?
field	f01	f02	f03	f04a	f04b	f04c	f04d	f04e	f04f	f05	f06	f07	f08	f09	f10	f11	f12	f13	f14/a	f14b	f15	f16/a	f16b	f17

Crop code (f101)			Main Tillage (f104a,b,c)	Type & source of power for tillage (f105)	Fertiliser codes (f113, f115)		Fert Unit (f114a/f116a)
1 = Maize	11 = Burley tobacco	20 = Cashew nut	1 = Conventional hand hoeing	1=Manual household labour	0 = None	10=Vegetative (foliar)	2=50kg bag
2 = Sorghum	12 = Mixed beans	22 = Paprika	2 = Planting basins (potholes)	2=Manual hired labour	1 = Compound D (basal)	11=Urea	3=25kg bag
3 = Rice	13 = Bambara nuts	60 = Popcorn	3 = Zero tillage excluding chitemene	3=Own animals with HH labour	2 = Compound X	12=Ammonium Nitrate	4=10kg bag
4 = Millet	14 = Cowpeas	61 = Sugarcane	4 = Ploughing	4=Own animals with hired labour	3 = Compound S	13=CAN	21=5kg bag

8 = Seed cotton	57 = Sweet potato – orange-fleshed		8 = Mounding	8=Own mechanical with hired labour	7 = Compound WV	17=Do not know	22=Liter
9 = Irish potato	18 = Cassava	21 = Other crop (specify)	9= Did not till (broadcasted seed)	9=Hired/borrowed mechanical with HH labour	8 = Di-grow (foliar)	18=Solubar	23=Milliliter
10 = Virginia tobacco	19 = Kenaf	67 = Black sunhemp	10= No other tillage method	10=Hired/borrowed mechanical with hired labour	9 = Wonder (foliar)		
		68 = Red sunhump		11=None			

2.4 Crop Management – Planting and Harvesting (all cropped fields in **MONO** or **CROP MIXTURE**). **EXCLUDE** gardens, fallow fields, and virgin land.

Enumerator: Transfer field numbers from Table 2.3.1 (p. 7). Also, transfer crop and area from the sketch (page 4) into crop, cm01 cm02. Ask the following questions for all the fields the household planted in the 2017/18 agricultural season. Calculate the quantity harvested in kgs for seed cotton, Virginia tobacco, Burley tobacco, paprika and coffee. Make “Comments” regarding actual information for these crops that the respondent gives for quantity and unit harvested so the information can be verified.

Table 2.4 Crop Management - Planting and Harvest Crops	Key Variables: cluster, hh, field, crop	Reference Period: The 2017/2018 Agricultural Season
--	---	---

[illegible]

Crop code (crop)			Reason for not harvesting total planted area (cm06)		Unit Code (cm10, cm15)		Month (cm11, cs04b)	Cassava variety cs01

	18=Self Help Africa	27=ZARI (Zambia Agriculture Research Institute)		

2.5 Storage capacity for maize

Enumerator: Only ask these questions if household harvested maize from the 2017/2018 agricultural season.

Refer to Table 2.4 crop=1 (maize) and CM14>0. If CM14=0 (No harvest) skip to Next Section.

Reference Period: 2017/2018 agricultural season (1st October 2017 – 30th September 2018)

2.5.1	Was maize from the 2017/18 agricultural season harvested mostly when wet or when dry? 1=wet 2=dry	hbm01	
2.5.2	For long-term storage, in what kind of structure did the household store most of the maize from the 2017/18 agricultural season for future home consumption or sale? (see codes below)	hbm02	

Structure used for storage of maize (hbm02)	
1=in an open crib, loose	10=in the house, loose
2=in an open crib in sacks	11=in the house, in sacks
3=in a closed mud structure, loose	12= in a hermetically sealed drum
4=in a closed mud structure, in sacks	13= in a PICS bag or other hermetically sealed bag
5=in a covered crib with sides made of wood/branches (no mud)	14=on the roof, loose
6=in a cement plastered structure, loose	15=outside fenced
7=in a cement plastered structure, in sacks	16=household did not store maize
8=in a brick structure, loose	17=other (specify) _____
9=in a brick structure, in sacks	

SECTION 3: CROP SALES FROM OWN PRODUCTION for Maize and Cassava (1st of May 2018 to end of April 2019 Marketing Season)**3.1 Maize sales** *Enumerator: These questions and table will be available if the household grew maize.*

3.1.1a	Enumerator: Look on the sketch on page 6. Did the household have any maize fields in the 2017/18 agric. season? 1=Yes 2=No →go to 3.2 (next page)	hh11a	
3.1.1b	Between 1st May 2018 and 30th April 2019 did the household sell or barter any maize from its own production in the 2017/18 agricultural season? 1=Yes 2=No	hh11b	
3.1.2	Who primarily decided whether or not to sell/barter maize ? (see codes below) (if a current member, select name from drop-down box) (Record response in HH12. Then, if hh11b = 2 → go to 3.2 (next page))	hh12	
3.1.3	(If HH11b = 1) How many different times did the hh sell or barter maize from the 1st of May 2018 to end of April 2019 ? (Number of times)	hh13	

Enumerator: Tell respondent that we would like to know more information about the household maize sales from maize produced from last season's (2017/18) harvest. This, therefore, refers to maize that your household sold from about the 1st of May 2018 up to end of April 2019.

Table 3.1.4 Households selling maize Key Variables: cluster, hh, mztrans

Reference Period: Marketing Season Beginning of May 2018 to end of April 2019

Maize sale transaction number	For transaction ... which year did your household sell or barter this maize? 1=2018 2=2019	In what month did your household sell/barter this maize? (see codes below)	For this transaction how much maize did your household sell/barter?		To whom did your household sell/barter this maize? (see codes below)	How far was the point of sale from the hh's homestead? (1 mile=1.6 kilometer) Enter 0 if at homestead. If "0" → go to ms09 (km)	How much did your household spend per unit to transport the maize from your homestead to the point of sale/barter? If you used your own transport, how much would you have charged someone to transport it?		Was this transaction a cash sale or barter? 1=cash sale 2=barter If = 2 (barter) → go to ms12	What was the price per unit for the cash transaction? (Try to use same unit as ms04)		How many months was it before the hh received payment (cash or in-kind)? Enter "0" if paid within 1 month. Enter "-9" if not yet paid Enter "-8" if paid prior to harvest	Who primarily decided how revenue (cash or in-kind) from this sale was or will be used? (see codes below) (if a current member, select name from drop-down box)
			Quantity	Unit (see codes below)			Transport cost per unit (ZMW)	Unit (see codes below)		Price per unit (ZMW)	Unit (see codes below)		
mztrans	ms01	ms02	ms03	ms04	ms05	ms06	ms07	ms08	ms09	ms10	ms11	ms12	ms13
1													
2													
3													
4													
5													
6													
7=rest of sales													

Unit Code (ms04, ms08, ms11)	Month codes (ms02)	Buyer codes (ms05)			Decision (hh12, ms13)
1=90kg bag 2=50kg bag 3=25kg bag 4=10kg bag 5=20lt tin 11=5lt gallon 12=MEDA 17=tonnes 20=kilogram	1 = January 7 = July 2 = February 8 = August 3 = March 9 = September 4 = April 10 = October 5 = May 11 = November 6 = June 12 = December	1 = Small-scale trader 2 = Large-scale trader/wholesaler 3 = Retailer/marketeer 4 = Other households (for consumption) 5 = Direct sale to FRA 6 = Sale to FRA through a coop 7 = NGO/faith-based organization/church 8 = Cooperative (not destined for FRA)	9 = Directly to miller/processor (delivered to mill/processor gate) 10 = To miller/processor through agent or designated buying point 11 = Out grower 12 = COMACO (Community Markets for Conservation) 13 = Schools, hospitals or health centres 14 = Other (specify)	15=Large sale trader/wholesaler (AFGRI) 16=Large scale trader/wholesaler (Export Trading Group) 17=Large scale trader/wholesaler (Amatheon) 18=Large scale trader/wholesaler (NWK) 19=Large sale trader/wholesaler (Cargill)	1=Current member of the hh – please select member 8=Non-hh male relative 9=Non-hh female relative 10=Non-hh male non-relative 11=Non-hh female non-relative 13=Other (specify)

3.2. Cassava Sales

We now want to ask about your household's cassava sales. *Enumerator: These questions and table will be available if the household grew cassava.*

3.2.1a Enumerator: Check the sketch on page 6. Did the household have any cassava fields during the 2017/18 agricultural season?	1=Yes 2=No → go to next page Q3.3	hh21a	
3.2.1b Did the household sell any cassava (raw, cassava chips, or cassava flour) from the beginning of May 2018 to the end of April 2019?	1=Yes 2=No	hh21b	
3.2.1c (If HH21B=2, ask) Who primarily decided whether or not to sell any cassava? (if a current member, select name from drop-down box)	(see codes below table) If HH21b = 2 → go to next page Q3.3	hh21c	

Table 3.2.2 Cassava Sales from Own Production.

Key Variables CLUSTER, HH, CROPC

Reference period: Beginning of May 2018 to the end of April 2019

Table 3.2.2 Cassava Sales from Own Production.			Key Variables: CLOSTER, HH, CROP				Reference period: Beginning of May 2018 to the end of April 2019						
Cassava form		Between 1st May 2018 and 30th April 2019, did the HH sell or exchange any? 1=Yes 2=No →go to next cassava form	What is the total quantity ofthe HH sold for cash and/or bartered for goods and/or labour from May 2018 to April 2019?		Ask the following questions for the <u>LARGEST</u> cash/barter transaction								
					When did the household sell/ barter ?		What quantity was sold/bartered for the largest cash/barter transaction?		What was the price per unit for the largest cash transaction? (enter -9 if transaction was bartered)		To whom did the hh sell/ barter the? (see codes below)	How far was the point of sale from the hh's homestead ? (1 mile = 1.6 km) (km)	Who primarily decided how revenue from this sale was or will be used ? (see codes below) (if a current member, select name from drop-down box)
			Quantity sold/ Bartered	Unit (see codes below)	Year	Month (see codes below)	Quantity sold/ bartered	Unit (see codes below)	Price ZMW	Unit (see codes below)

1=90kg bag 2=50kg bag 3=25kg bag 4=10kg bag 5=20lt tin 11=5lt gallon 12=meda 14=muchumbu 15=ka B.P. 17=tonnes 20=kilogram	1 = January 2 = February 3 = March 4 = April 5 = May 6 = June 7 = July 8 = August 9 = September 10 = October 11 = November 12 = December	1 = Small-scale trader 2 = Large-scale trader/wholesaler (other) 3 = Retailer/marketeer 4 = Other households (for consumption) 5 = Direct sale to FRA 6 = Sale to FRA through a coop 7 = NGO / faith-based organization / church 8 = Cooperative (not destined for FRA) 9 = Directly to Miller (delivered to mill-gate) 10 = To miller through agent or designated buying point 11 = Out grower 12 = COMACO (Community Markets for Conservation) 13 = Schools, hospitals or health centres 14 = Other (specify) __	15=Large sale trader/wholesaler (AFGRI) 16=Large scale trader/wholesaler (Export Trading Group) 17=Large scale trader/wholesaler (Amatheon) 18=Large scale trader/wholesaler (NWK) 19=Large sale trader/wholesaler (Cargill) 20=Zambian breweries 21=GroAfrica 23=Mulestus 30=Itabwa 31=Chilete	1=Current member of the hh – please select member 8=Non-hh male relative 9=Non-hh female relative 10=Non-hh male non-relative 11=Non-hh female non-relative 13=Other (specify)

3.3 Fruit and Vegetable Production and Sales

3.3.1b Did this household produce any fruits (orchard or other) and/or vegetables from the beginning of May 2018 to the end of April 2019? 1 = Yes 2 = No →go to 3.5 if household has fields, otherwise go to Section 4	hh22b	
3.3.1c Did the hh irrigate any of the fruits or vegetables? 1=Yes 2=No →go to Fruit/vegetable table	vf03	
3.3.1d What was the main type of irrigation used? 1=motorized pump 2=piped public water 3=well/river/stream & bucket 4=hand pump or treadle pump 5=irrigation canal 6=other (specify)	vf04	

Please now tell us about the **Quantity and VALUE of fruits and vegetables** your household harvested and/or sold from its **own production from the beginning of May 2018 to the end of April 2019**.

Table 3.3.2a Fruit and Vegetable Production and Sales Key Variables: cluster, hh, vrcode

Reference Period: Beginning of May 2018 to end of April 2019

Which fruits and vegetables did the household produce/harvest from the beginning of May 2018 to the end of April 2019? (Enumerator: Write name of fruit/vegetable in full)	(Enum: list all fruits first, then vegetables) Vegetable/ Fruit Code (see codes below)	How many times did the hh plant between May 2018 and April 2019? Enter "0" if planted before May 2018	Was grown in a wetland / dambo area? 1=Yes 2=No	In how many months did the hh harvest between May 2018 and April 2019?	On average, how much of did the hh harvest each month?		Did the hh sell/ barter any of this between May 2018 and April 2019? 1=Yes 2=No	Who primarily decided whether or not to sell/barter this? (see codes below) (if a current member, select name from drop-down box) If vf08 = 2 →go to next fruit/ vegetable	In how many months did the hh sell /barter between May 2018 and April 2019?	On average, how much of did the hh sell /barter each month?		What was the approximate average price per unit that the hh received during those months? (enter -9 if all the transactions were bartered)		Where did most of the sales take place? (see codes here and below table) 1=within the community 2=at district centre 3=within the district 4=outside district but within prov. (codes continued below)	Who primarily decided how revenue from the sales was or will be used ? (see codes below.) (if a current member, select name from drop-down box)

		37 = Okra			12=meda	28=20kg bag		

3.5 Hired labour

We would now like to ask about costs to hire labour for cropping activities that the household used during the 2017/2018 agricultural season.

Table 3.5.1 Labour Costs Key Variables: *cluster, hh, labour*

Reference Period: 2017/18 agricultural season

Activity		Did the household hire labour for during the 2017/18 agricultural season? 1=Yes 2=No → go to next activity	What was the total cost to hire labour for this activity for the 2017/18 agricultural season ? (ZMW)	What proportion of the hired labour was female? <i>Enumerator: Use 10 stones/sticks to proxy for the proportion. For example, if respondent picks 4 stones/sticks to represent number of women out of ten hired for particular activity, enter 4 if none enter 0.</i> (Responses to range between 0-10)
		labour	lbr01	lbr02

Other households, institutions or other sources	9											

Month codes (fr03c, fr05c)

1 = January	7 = July
2 = February	8 = August
3 = March	9 = September
4 = April	10 = October
5 = May	11 = November
6 = June	12 = December

4.3 (Enum: Ask if household did not acquire <u>FISP fertiliser</u> for the 2017/18 agricultural season (hh23 = 2 OR (hh23=1 and fertch=1 & fr01=2)) Why did this household not receive FISP fertiliser in the 2017/18 agricultural season? Please tell me up to 3 reasons, where the first reason is the most important, second reason next most important and last reason the next most important.	hh24a	
	hh24b	
	hh24c	

17=Not eligible because HH did not have enough land 18=Not eligible because HH cultivate too much land 19=Not eligible because HH is a Food Security Pack Programme beneficiary 20=Not eligible because HH defaulted on a government agricultural credit program 1=Not eligible for reasons other than those specified above 3=Did not want to get FISP because of late delivery 4=Did not want to get FISP for other reasons 9=Did not want to be member of cooperative/farmer group 5=Do not know	11=Do not grow maize 10=Soil is fertile (do not need fertiliser) 6=Could not afford FISP down payment 2=Could not afford cooperative/farmer group membership 7=No FISP fertiliser available in my area 8=Denied cooperative/farmer group membership for reasons other than cost of membership 12=FISP fertilizer allocated to my area was not enough for all eligible applicants 13=Eligible and applied but not selected to receive FISP for unknown reasons	14=My cooperative/farmer group was not selected to participate in FISP 15=Not a registered farmer 16=Was not actively involved in farming in the camp coverage area 21=I submitted my application or down payment after the deadline 23=No other reason 26=Does not know about FISP 27=Money was stolen from coop / corruption 22=Other (specify)
---	--	--

4.4 (Enum: Ask if HH did not acquire <u>commercial fertiliser</u> from any source for 2017/18 agricultural season (hh23 = 2 OR (hh23=1 & fr01=2 for fertch=3 through 8)) What is the most important reason why the household did not purchase fertiliser from a commercial source in the 2017/18 agricultural season?	hh25	
--	------	--

Reason did not purchase fertilizer from a commercial source (hh25)		
1 = did not have cash	5 = soil is fertile (do not need fertiliser)	9 = given by others
2 = it did not pay, it was not profitable, it was too costly	6 = other (specify)_____	10=used manure & other organic fertilisers
3 = transport was too expensive	7=did not grow crops and/or maize	11=lack information on fertilisers
4 = not available in the stores	8=had enough fertiliser	

5.1 **Enumerator:** The program will make the seed acquisition table available if the household has grown the required crops. If the household has not, then skip to Table 5.3. **maize, sunflower, groundnut, soyabean, white or yellow-fleshed sweet potato, or orange-fleshed sweet potato.** 1 = Yes 2 = No → go to Table 5.3

hh30

Reference Period: The 2017/18 Agricultural Season

[illegible]

5.2 **Enumerator:** If the household used the variety, the next question will be available to ask. Check Table 5.2 - Did the HH grow the yellow-fleshed sweet potato variety Chingovwa / Lusaka / Simama/ Solwezi / Kakokola crop = 17, variety= 300) during the 2017/18 agricultural season? Computer will control whether the next question is available to be asked.

1=Yes 2=No → go to Table 5.3

hh31

5.2.1 (If yes ask,) From what **source** did your household **first** get the sweet potato variety of Chingovwa/ Lusaka/ Simama/ Solwezi/Kakokola?

(see codes below for st01)

Month (ev02, ev03, ev04)	Inputs (ev05a-c, ev06a-c, ev07a-c, ev09a-c)	Reasons for not redeeming (ev08a, ev08b, ev08c)
1=January 2018 2=February 2018 3=March 2018 4=April 2018 5=May 2018 6=June 2018 7=July 2018 8=August 2018 9=September 2018 10=October 2018 11=November 2018 12=December 2018	1=Fertilizer 2=Maize seeds 3=Cowpeas seeds 4=Common beans seeds 5=Soya beans seeds 6=Insecticides 7=Herbicides 8=Agricultural lime 9=Horticultural inputs 10=Livestock feed 11=Live animals 12=Veterinary drugs 13=Dip chemicals 14=Fingerlings 15=Sprayers 16=Other (specify) -9=Nothing else	1= Inputs were not available 2=Money was not enough 3=Government delayed to activate my account 4= Forgot/Lost my account pin codes 5= Farmer was not aware about other inputs 6= Agro-dealer was not aware about other inputs 7= Long distance from homestead to agro-dealer shops 8=Other (specify)

Enumerator: Please ask these questions if any household member received E-FISP in (2015/16 or 2016/17 or 2017/18) and 2018/19 agricultural seasons.

Please ask the respondent to rate the performance of E-FISP in the following areas.

5.3.3. Enumerator: I will now read to you several statements. Please tell me if you

1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree

5.3.3.1	There was enough information about the E-FISP during 2018/19 season compared to earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hhev03	
5.3.3.2	The card-less system implemented during the 2018/19 season was better than the card system in earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree 6=Only used the card system	hhev04	
5.3.3.3	It was easy for farmers to make deposits through banks during the 2018/19 season compared to the earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree 6=Used mobile money platforms	hhev05	
5.3.3.4	It was easy for farmers to make deposits through other money transfer platforms (such as Zoona, Mobile payment solutions, MTN/Airtel money etc.) during the 2018/19 season compared to the earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree 6=Used Bank only	hhev06	
5.3.3.5	There was timely availability of desired inputs to redeem during 2018/19 season compared to earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hhev07	
5.3.3.6	Distance to where inputs were sourced was shorter in 2018/19 season compared to earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hhev08	
5.3.3.7	Input prices were lower than the previous season in 2018/19 season compared to earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hhev09	
5.3.3.8	We had more access to more variety of inputs in 2018/19 season compared to earlier seasons	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hhev10	

5.3.4	What does the household like the most about E_FISP? 1=Increased number of agro-dealers/input suppliers 2=Inputs are available on time 3=Improved targeting 4=Flexibility in choice of inputs 5=Allows competition in input supply and distribution 6=Risk-sharing mechanism 7=Short distance from homestead to agro-dealer shops 8=Other (specify)_____	hhev11	
-------	---	--------	--

5.3.5	How many years has the household been receiving FISP since its inception in 2002?	(Number) – enter 0 if none	hhev12	
-------	---	----------------------------	--------	--

SECTION 6: RURAL LOANS/CREDIT AND AGRICULTURAL INSURANCE.

We now want to ask about any loans/credit the household may have acquired to support agricultural production and the household's access to loans/credit as well as agricultural insurance.

Table 6.1 Loans/credit to support agricultural production and access to credit

Key Variables: cluster, hh, lna

Reference Period: *The 2017/18 Agricultural Season*

Source of loan/credit		Did any member of your household borrow money or obtain a loan/credit (cash or in-kind) from ... to support agricultural production during the 2017/18 agricultural season? <i>1 = Yes</i> <i>2 = No →go to next source</i>	What was the value of this loan/credit excluding interest (Kwacha equivalent if it was in-kind)? (ZMW)	Was collateral required to obtain this loan/credit? <i>1=Yes</i> <i>2=No → go to next source of loans/credit</i>	What main type of collateral did your household use to obtain this loan/credit? <i>1=land title</i> <i>6=bank account</i> <i>2=farm implements/</i> <i>7=salary</i> <i>equipment</i> <i>8=membership in a club/</i> <i>3=vehicle</i> <i>community group/</i> <i>4=house</i> <i>cooperative</i> <i>5=animals</i> <i>9=other household assets</i> <i>Enumerator: Enter the appropriate code.</i> <i>Then → go to the next source of loan/credit</i>
lna		lna01	lna02	lna03	lna04
Government-run program	1				
Commercial bank	2				
ZNFU Lima Credit Scheme	3				
Farmers' union or cooperative (excluding ZNFU Lima Credit Scheme)	4				
Micro credit institution / community credit scheme	5				
Out-grower scheme	6				
Input credit from private company (excluding outgrower schemes)	7				
NGO / faith-based organization / church	8				
Friend/relative/informal moneylender (e.g., kaloba)	9				
Company leasing equipment to own (e.g. Rent to Own)	10				
Community-based savings group (e.g., SILC, VSLA, etc.)	11				
Other (specify)	12				

6.2	Does anyone in your household know that FISP has got a weather index-based insurance product attached to it? 1=Yes 2=No	hhins01	
------------	---	----------------	--

Table 6.2.1 Agricultural Insurance

Key Variables: cluster, hh, ins

Reference Period: *The 2018/19 Agricultural Season*

Source of insurance (ins02)

Type of insurance	Did the household acquire insurance during the 2018/19 agricultural season? 1=Yes 2=No → go to section 7	Enumerator: Ask if the household insured their crops, livestock and/or farm machinery			
		From whom did you acquire this insurance? See codes at the side of Table	Did, or will, the household receive a payout from the insurance policy/company? 1=Did receive 2=Will receive 3=No did not receive → go to next insurance type	How much was or will the payout (in ZMW) be? (Enter -9 if respondent does not know)	
	ins_id	ins01	ins02	ins03	ins04

Borehole	42			

SECTION 9: OFF-FARM INCOME AND REMITTANCES (From May 2018 to April 2019)

9.1. We would like to talk about all household members who have earned income from **SALARIED EMPLOYMENT OR INFORMAL WAGE LABOUR ACTIVITIES OR PENSIONS** from the beginning of May 2018 to the end of April 2019. These activities include all formal salaried employment and all casual labour for which members were paid cash or an in-kind wage, including agricultural and non-agricultural labour. Include also the value of any pensions received from the beginning of May 2018 to the end of April 2019. **Do not include** income from business activities or food aid for work, which will be captured in other sections. **Enumerator:** Note that if no household member earned income from any type of off-farm income and remittances, a spot check will be done.

Table 9.1a Salaried and informal wage labour activities.**Reference period: beginning of May 2018 to the end of April 2019**

Did any of the household members work for or receive a salary/wage? (ask item by item)	1=Yes 2=No → go to next activity	Ask for the names of the household members earning from this activity		
Wact	anywork	Name 1	Name 2	Name 3
1=On a smallholder farm (less than 20 ha)				
2=On a large-scale farm (20 ha or more)				
3=Civil servant excluding Department of National Parks and Wildlife (formerly ZAWA) (eg. Teacher, extension officer, nurse, police, etc.)				
4=Parastatal employee (NCZ, FRA, ZESCO)				
5=Private agricultural/crop firm (e.g. grain processing, crop input or output handling and sales, crop service firm, etc.)				
6=Private livestock services and processing (eg. Abattoirs, livestock and livestock medicine sales)				
7=Employee of private company or individual, excluding agricultural and tourism industries (e.g.. mine, bank, house help, mechanic, security guard, retail shop, etc.)				
8=As a worker in lodges or safari industry (excluding hunting)				
9=As a worker in a hunting safari				
10=Forest services				
11= Department of National Parks and Wildlife (formally ZAWA)/Village scouts				
12=Casual FRA worker				
13=Other casual work/non-agricultural piecework				
14=Receive pension				
15= Other (specify)				

Enumerator: *Transfer the names of the household members listed in the previous page to this page. If no salaried activities from previous page, → go to 9.2.*

We would now like to ask about the earnings (cash and in-kind) for the activities of each of the household members who have salary and/or informal wage labour income and/or pensions.

Table 9.1b Salaried Employment or Informal Wage Labour Activities or Pensions. *Key Variables: cluster, hh, mem, wact*

Reference Period: 1st May 2018 to 30 April 2019

[illegible]**Salaried Employment or Informal Wage Labour Activities (wact)**

- 1=On a smallholder farm <20 ha
2=On a commercial farm >=20 ha
3=Civil servant excluding Department of National Parks and Wildlife (formerly ZAWA) (e.g. Teacher, extension officer, nurse, police, etc.)
4=Parastatal employee (NCZ, FRA, ZESCO)
5=Private agricultural/crop firm (e.g grain processing, crop input or output handling and sales, crop service firm, etc.)

- 6=Private livestock services and processing (e.g. Abattoirs, livestock and livestock medicine sales)
7=Employee of private company or individual, excluding agricultural and tourism industries (e.g. mine, bank, house help, mechanic, security guard, retail shop, etc.)
8=As a worker in lodges or safari industry (excluding hunting)
9=As a worker in a hunting safari
10=Forest services

- 11=ZAWA/Village scouts
12= Casual FRA worker

13=Other casual work/non-agricultural piecework
14=Pension
15=Other (specify)

9.2 We would like to talk about all household members who participated in **FORMAL OR INFORMAL BUSINESS ACTIVITIES** from the beginning of May 2018 to the end of April 2019. This should include any income generating activity other than the selling of your own farm produce or sale of your own labour for wages. **Enumerator:** Note that if no household member earned any income from any type formal or informal business activities, a spot check will be done.

Table 9.2a Business activities**Reference period: beginning of May 2018 to the end of April 2019**

Did any of the household members earn any income from the following formal or informal business activities? (ask item by item)	1=Yes 2=No → go to next activity	Ask for the names of the household members earning from this activity		
Bact	Anybus	Name 1	Name 2	Name 3
1 = Crop input or output/crop trading business				
2 = Crop services business (e.g ploughing or spraying business)				
3 = Livestock input or output trading business (including dairy)				
4 = Livestock service business (e.g veterinary, vaccination, de-worming)				
5 = Retailer/shop owner/marketeer/vendor business				
6 = Firewood collection or trading business				
7 = Charcoal production or trading business				
8 = Eco-charcoal production or trading business				
9 = Carpentry or construction business (includes brick making)				
10= Local beer brewing and selling business				
11=Butchery or abattoir business				
12=Milling or oil extraction business (e.g hammer mill)				
13=Tailoring and weaving business				
14=Blacksmithing business				
15=Healing (traditional) business				
16=Fishing and selling (from lakes /rivers/streams excluding fish ponds) business				
17=Transporter business				
18=Landlord				
19=Wild honey collecting and selling business				
20=Beekeeping and honey selling business				
21=Collection and selling of other forest products (e.g. Poles/timber, grass, mushrooms, caterpillars, wild fruits)				
22=Curio/carving business				
23=Hair saloon / barbershop business				
24=Repairing items business (e.g. bicycles, radios, solar, etc.)				
25=Baker business				
26=Other (specify)				
27=Other (specify)				
28=Fish, buying and selling				
29=Professional services				

We would now like to ask about the earnings for the activities of each of the household members who have business activity income.

Reference Period: Beginning of May 2018 to end of April 2019

1= Crop input or output/crop trading business	10=Local beer brewing and selling business	19=Wild honey collecting and selling business
2= Crop services business (e.g ploughing or spraying business)	11=Butchery or abattoir business	20=Beekeeping and honey selling business
3= Livestock input or output trading business (including dairy)	12= Milling or oil extraction business (e.g hammer mill)	21=Collection and selling of other forest products (e.g. Poles/timber, grass, mushrooms, caterpillars, wild fruits)
4= Livestock service business (e.g veterinary, vaccination, de-worming)	13=Tailoring and weaving business	22=Curio/carving business
5= Retailer/shop owner/marketeer/vendor business	14=Blacksmithing business	23=Hair saloon / barbershop business
6= Firewood collection or trading business	15=Healing (traditional) business	24=Repairing items business (e.g. bicycles, radios, solar, etc.)
7= Charcoal production or trading business	16=Fishing and selling (from lakes /rivers/streams excluding fish ponds) business	25=Baker business
8= Eco-charcoal production or trading business	17=Transporter business	26=Other (specify) _____
9= Carpentry or construction business (includes brick making)	18=Landlord	27=Other (specify) _____
		28=Fish, buying and selling
		29=Professional services

9.3 Cash and commodities received by household from others

We would now like to talk about **CASH AND FOOD AND NON-FOOD COMMODITIES RECEIVED** by any member of this household from another person/household or organization **from the beginning of May 2018 to the end of April 2019**. **Do NOT** include cash or in-kind payments received for service or labor (this is covered in other sections). **DO** include all food aid for work, which should **not** have been reported in the salary table.

Table 9.3.2 Other cash & commodities received by household (include remittances from non-resident spouses for polygamously married men/women)

Key Variables: *cluster, hh, cashrec*

Reference Period: **Beginning of May 2018 to the end of April 2019**

Source of the cash or commodity		Did any household member receive any cash from ... from the beginning of May 2018 to the end of April 2019? 1=Yes 2=No →go to cr03	What is the amount of cash in ZMW received from ... by all the members of the household from the beginning of May 2018 to the end of April 2019? (ZMW)	Did any household member receive any maize, non-food items or other commodities from ... from the beginning of May 2018 to the end of April 2019? <u>Do NOT include cattle, goats, pigs, or sheep.</u> 1=Yes 2=No →go to next source	What is the value in ZMW of the maize received from ... by all the members of the household from the beginning of May 2018 to the end of April 2019? (ZMW) Enter "0" if none	What is the value in ZMW of the non-food items and other commodities received from ... by all the members of the household from the beginning of May 2018 to the end of April 2019? <u>Do NOT include cattle, goats, pigs, or sheep.</u> (ZMW) Enter "0" if none

10.2.2.2 Is there **currently** a **member of Parliament (MP)** who **hails from** this **village/locality**? **1 = Yes 2 = No** **hh45**

10.2.2.3 Please tell us the **sources** of the household's information on **weather**.

10.2.2.3a Does the household get access to **information** about **weather**? **1 = Yes 2 = No →go to 10.2.2.4** **hhw1**

10.2.2.3b (Ask if HHW1 = 1) what is the household's **main source** of **weather information**? **hhw2**

1 = Radio 2 = Television 3 = Government agricultural extension or veterinary officers 4 = NGO project officers 5 = Friends, relatives, or neighbours 6 = Meteorological offices	7 = Newspaper 8 = Traditional forecaster/Indigenous knowledge 9 = Your own observations 10 = Local group/gatherings/meetings 11 = Religious faith 12 = Other (specify) _____
--	---

10.2.2.3c Did you receive **seasonal rainfall forecast information** for the **2017/2018 planting season**? **1 = Yes 2 = No →go to 10.2.2.4** **hhw3**

10.2.2.3d Did you use this weather information in making your farming/planting decisions in the 2017/2018 season? **1 = Yes 2 = No** **hhw4**

10.2.2.3e When did you get the **seasonal rainfall forecast for the 2017/2018 farming season**? **hhw5**

1 = Before Nov 2017
2 = Between Nov and Dec 2017
3 = January 2018
4 = I don't know

10.2.2.4 We will now talk briefly about your experiences with droughts and floods in this area.

	Season		1=Yes 2=No
10.2.2.4a Did your household experience any droughts in any part of your fields during the ----- agricultural season?	2018/2019	hhw6a	
	2017/2018	hhw6b	
	2016/2017	hhw6c	
	2015/2016	hhw6d	
10.2.2.4b Did your household experience any floods in any part of your fields during the ----- agricultural season?	2018/2019	hhw7a	
	2017/2018	hhw7b	
	2016/2017	hhw7c	
	2015/2016	hhw7d	

10.2.2.4.1a If yes to hhw6a , what proportion of the household's farm production was affected by the drought in the 2018/19 agricultural season? <i>Enumerator: Use 10 stones/sticks to proxy for the proportion. For example, if respondent picks no stones/sticks enter 0, otherwise enter number of stones/sticks chosen to indicate proportion.</i>	hhw8a	
---	--------------	--

10.2.2.4.1b If yes to hhw7a , What proportion of the household's farm production was affected by the floods in the 2018/19 agricultural season? <i>Enumerator: Use 10 stones/sticks to proxy for the proportion. For example, if respondent picks no stones/sticks enter 0, otherwise enter number of stones/sticks chosen to indicate proportion.</i>	hhw8b	
--	--------------	--

10.2.2.4c Ask if any of (HHW6a – HHW6d) = yes: Given your experience with the droughts, what are the main 3 things the household can do to better prepare for the next negative weather event? List up to three, starting with the most important first then the second most important and then the third most important. Enumerator: If respondent has no second or third response put -9. 1=Change crop mix (e.g. early maturing/drought tolerant varieties) 2= Use irrigation 3= Have other income source 4= Buy crop (or rainfall) insurance 5= use more of climate-smart agriculture (e.g., conservation agriculture, agroforestry) 6 = early planting 7= I don't know 8= other specify -9=no other	hhw9a	
	hhw9b	
	hhw9c	

10.2.2.4d Ask if any of (HHW7a – HHW7d) = yes: Given your experience with the floods, what are the main 3 things the household can do to better prepare for the next negative weather event? List up to three, starting with the most important first then the second most important and then the third most important. Enumerator: If respondent has no second or third response put -9. 1=stone bunds 2=Earthen bunds 3=Terraces 4=Drainage ditches 5= Grass barriers 6 = Contour farming/plowing 7=Tree belts 8= Ditches 9=Rainfall insurance 10= Agroforestry 11= I don't know 12= other specify -9= No other	hhf9a	
	hhf9b	
	hhf9c	

10.2.2.5a	Compared to the 2015/16 agricultural season (4 years ago), has average total growing season rainfall increased, decreased, or stayed the same? <i>1= increased 2= stayed the same → go to Q10.2.2.5c 3= decreased</i>	hh70a	
10.2.2.5b	How prepared do you believe you are to adapt your farming practices and/or livelihoods to address this change in average total growing season rainfall? <i>1= extremely well prepared 2= somewhat prepared 3= neither prepared nor unprepared 4= somewhat unprepared 5= extremely unprepared</i>	hh70b	
10.2.2.5c	Compared to the 2015/16 agricultural season (4 years ago), have average growing season temperatures increased, decreased, or stayed the same? <i>1= increased 2= stayed the same → go to Q10.3 3= decreased</i>	hh70c	
10.2.2.5d	How prepared do you believe your household is to adapt your farming practices and/or livelihoods to address this change in average growing season temperatures? <i>1= extremely well prepared 2= somewhat prepared 3= neither prepared nor unprepared 4= somewhat unprepared 5= extremely unprepared</i>	hh70d	

10.3	Does any member of this household have a bank account ?	1 = Yes 2 = No → go to 10.4	hh44	
-------------	---	---------------------------------------	-------------	--

If yes, who in this household has a bank/saving account?

Table 10.3a Bank/savings

Key Variables: cluster, hh, mem_code

Reference Period: NOW

<i>(Enumerator: add a row for each person who has a bank/savings account. Pick the person from the dropdown box. Probe for all bank and savings accounts)</i>	Who does -----save or bank with? <i>(see codes below)</i>
mem_code	bank_savings

bank_savings Codes	
1=Microfinance Institute	14=First National Bank Zambia Limited (FNB)
2=Village Bank	15=Indo-Zambia Bank Limited
3=Phone banking with cell phone provider	16=Intermarket Bank
4=AB Bank Zambia Limited	17=International Commercial Bank
5=Access Bank Zambia Limited	18=Investrust Bank Plc
6=BancABC Zambia Limited/Atlasmara	24=NATSAVE (National Savings and Credit Bank)
7=Bank of China (Zambia) Limited	19=Stanbic Bank Zambia Limited
8=Barclays Bank Zambia Plc	20=Standard Chartered Bank Zambia Plc
9=Cavmont Bank Limited	21=United Bank for Africa Zambia Limited

13=First Alliance Bank Zambia Limited	23=Other (specify)

10.4 CELL PHONE USAGE

The computer will check the assets table 34=cell phone. If the response is “Yes” the following questions will be available. If the answer is “No” go to **10.5**

		(Enter zero if none)
10.4.1 How many members of the household have cell phones on the network? (Enumerator: double count if a member has multiple lines)	Airtel	
	Zamtel	
	Mtn	

10.4.2 If No , none of the household members own a cell phone, from whom do you have access to a cell phone? 1=No access 4=Business (within 1 km) 2=Neighbor 5=Business located more than 1 km away 3=Relative 6=Other (specify)	Nophone	
--	----------------	--

Enumerator: if the household has cell phones or has access to a cell phone (responses 2 to 6 in the previous question), please fill in the table below.

Table 10.4.3 Mobile phone usage

Key Variables: cluster, hh, celluse

Reference Period: NOW

Type of use of mobile phone (Enumerator – Mention all uses and ask for any other use)		Has anyone in your hh used the mobile phone to ----- in the past 12 months? 1=Yes 2=No
Celluse		Usephone
Obtain information about farm produce prices	1	
Locate buyers for your farm products	2	
Assist in running your own non-farm business	3	
Send or receive money	4	
Do phone banking	5	
Get extension information	6	
Get weather predictions	7	
Talk to family and other general communication	9	
Cellphone functions and internet – calculations, etc.	10	
Other (specify)	8	

10.5 We will now ask about the household's **participation** in **local agriculture** or **credit-related organizations**.

10.5.1	Is anyone in this household a member of a farmer cooperative, farmer group, and/or farmer association ?	1 = Yes 2 = No	hh46	
10.5.2	Is anyone in this household a member of a women's group ?	1 = Yes 2 = No	hh47	
10.5.3	Is anyone in this household a member of a local savings and loan society ?	1 = Yes 2 = No	hh48	

10.6 Proximity to Food Reserve Agency buying points & maize market access

(Enumerator: Enter -9 if respondent does not know)

10.6.1	As of October 2017 , what was the distance from the hh's homestead to the nearest FRA buying point ? (1 mile = 1.6 km) <i>If less than 1 km, enter in decimals</i>	(km)	fra1	
10.6.2	As of October 2017 , how much did it cost (or would it have cost) to pay someone to transport a 50 kg bag of maize from the hh's homestead to the nearest FRA buying point ?	(ZMW)	fra2	
10.6.3	As of August 2018 , what was the distance from the hh's homestead to the nearest FRA buying point ? (1 mile = 1.6 km) <i>If less than 1 km, enter in decimals</i>	(km)	fra3	
10.6.4	As of August 2018 , how much did it cost (or would it have cost) to pay someone to transport a 50 kg bag of maize from the hh's homestead to the nearest FRA buying point ?	(ZMW)	fra4	
10.6.5	How many different traders came into this village to buy maize between May 2018 and September 2018 (peak maize marketing period) ?	(Number)	fra5	
10.6.6	How many different traders came into this village to buy maize between October 2018 and December 2018 ?	(Number)	fra6	

10.7 We would now like to ask about **distances** to key **agricultural services**.

Table 10.7.1 Distances to key agricultural services Key variables: cluster hh keyserv

Reference period: NOW

From the homestead, how far is it to the NEAREST?		Distance (1 mile=1.6kilometers) (Enumerator: Record in kilometers. Enter 0 if less than one km Enter -9 if do not know) (km)	How much time is required to reach this destination using the most common mode of transport used by the HH to reach this destination (including walking as mode)?		
			Mode of transport most commonly used by the HH to reach this destination: 1=Walking 2=Bicycle 3=Ox-cart 4=Canoe 5=Motorized transport 6=Combination of modes	Time (number)	Unit 1=minutes 2=hours
Keyserv		ks01	ks02	ks03	ks04
Boma	1				
Tarmac/tarred road	2				
Private fertiliser retailer (during the fertiliser selling season, i.e., October/November)	3				
Established market place with many buyers & sellers of locally- produced agricultural products	4				
Hammer mill	5				
Feeder road	6				
Point where you can receive mobile cell phone network services	7				
Agro-dealer	8				
Agricultural camp/block office	9				
Point where you can sell livestock/livestock products to private buyers	10				
Livestock service center	11				
Para-vet	12				
Seller of veterinary products	13				
Dip tank	14				
Basic school	15				
Clinic / health centre	16				
Borehole / piped watersource	17				
Electricity supply	18				
FISP collection point	20				

10.8 We would now like to ask about what changes you have seen over the last 4 years.

10.8.1 If government could increase its spending , what do you think should be the top priority and second most important priority for additional investment/spending ? Please tell me up to 2 priorities, where the first priority is the most important, second priority next most important. If Other (specify), please specify.	gvt01	
	gvt01_1 (other (specify))	
	gvt01a	
	gvt01a_1 (other (specify))	

1=Education	7=Irrigation	13=Energy supply
2=Roads and bridges	8=Input subsidies/FISP	14=Social cash transfers
3=Security, like the police and military	9=Maize marketing/FRA activities	15=Other social protection programs
4=Health care	10=Improved agricultural extension and training	17=Banking services
5=Water and sanitation	11=Develop improved crop varieties or management practices	18=Mobile phone services
6=Rural electrification	12=Other agricultural development (crops, livestock, or fisheries)	19=Hammer milling services
		16=Other (specify)

10.8.2 Between October 2015 and today, have any new roads been constructed within 5 km (1 hour walk) of the homestead? 1=yes 2=no →skip to 10.8.3 3=I don't know →skip to 10.8.3	gvt02	
10.8.2a If yes, who do you attribute this new road to? 1=National government 3=Local government council 5=Foreign NGO 7= Private companies, firms, or agro-dealers 9=I don't know 2=Member of Parliament 4= Foreign government 6= Zambian NGO 8= Private individuals 10=Other (specify)	gvt02a	

10.8.3 Between October 2015 and today, have any new schools been built within 5 km (1 hour walk) of the homestead? 1=yes, 2=no →skip to 10.8.4 3=I don't know →skip to 10.8.4	gvt03	
10.8.3a If yes, who do you attribute this new school to? 1=National government 3=Local government council 5=Foreign NGO 7= Private companies, firms, or agro-dealers 9=I don't know 2=Member of Parliament 4= Foreign government 6= Zambian NGO 8= Private individuals 10=Other (specify)	gvt03a	

10.8.4 Between October 2015 and today, have any new health centers been built 5 km (1 hour walk) of the homestead? within 1=yes 2=no →skip to 10.8.5 3=I don't know →skip to 10.8.5	gvt04	
10.8.4a If yes, who do you attribute this new health center to? 1=National government 3=Local government council 5=Foreign NGO 7= Private companies, firms, or agro-dealers 9=I don't know 2=Member of Parliament 4= Foreign government 6= Zambian NGO 8= Private individuals 10=Other (specify)	gvt04a	

10.8.5 Between October 2015 and today, has commercial fertilizer become more or less available in this area? 1=More available 2=Less available 3=No change →skip to 10.8.6 4=I don't know →skip to 10.8.6	gvt05	
10.8.5a If more available or less available, who do you attribute this change to? 1=National government 3=Local government council 5=Foreign NGO 7= Private companies, firms, or agro-dealers 9=I don't know 2=Member of Parliament 4= Foreign government 6= Zambian NGO 8= Private individuals 10=Other (specify)	gvt05a	

10.8.6 Between October 2015 and today, have improved varieties of maize seed from commercial sources become more or less available in this area? 1=More available 2=Less available 3=No change →skip to 10.8.7 4=I don't know →skip to 10.8.7	gvt06	
10.8.6a If more available or less available, who do you attribute this change to? 1=National government 2=Member of Parliament 3=Local government council 4= Foreign government 5=Foreign NGO 6= Zambian NGO 7= Private companies, firms, or agro-dealers 8= Private individuals 9=I don't know 10=Other (specify)	gvt06a	
10.8.7 Between October 2015 and today, has it become easier or more difficult to sell maize or other crops for a good price in this area? 1=easier to sell for good price 2=more difficult to sell for good price 3=no change →skip to 10.8.8 4=I don't know →skip to 10.8.8	gvt07	
10.8.7a If easier or more difficult, who do you attribute this change to? 1=National government 2=Member of Parliament 3=Local government council 4= Foreign government 5=Foreign NGO 6= Zambian NGO 7= Private companies, firms, or agro-dealers 8= Private individuals 9=I don't know 10=Other (specify)	gvt07a	
10.8.8 Between October 2015 and today, has agricultural extension advice become more or less available in this area? 1=more available 2=less available 3=no change →skip to next section 4=I don't know →skip to next section	gvt08	
10.8.8a If more available or less available, who do you attribute this change to? 1=National government 2=Member of Parliament 3=Local government council 4= Foreign government 5=Foreign NGO 6= Zambian NGO 7= Private companies, firms, or agro-dealers 8= Private individuals 9=I don't know 10=Other (specify))	gvt08a	

10.10 Land use and land markets

Enumerator: Tell the respondent that we would like to ask some general questions about land use and land markets in the area. Remind the respondent that the information he/she shares is strictly confidential, so they can speak freely.

Ask only if the household had a maize field during the 2017/2018 agricultural season (controlled by the program).

10.10.1 If the hh were to rent out its largest maize field in the 2017/18 agricultural season to someone else to use for one season , how much could the hh have charged? (ZMW)	hh07	
10.10.2 In your perception, do village headmen/authorities still have unallocated arable land that could be given to households in this area? 1=Yes 2=No →go to 10.10.3	hh09a	
10.10.2.1 (If yes to 10.10.2) If your hh wanted more land , could some of this unallocated land be allocated to this household for Cropping purposes? 1=Yes 2=No	hh09b	
10.10.3 Is it possible to change the tenure status of customary land in this village (i.e. to convert customary land into titled property)? 1=Yes 2=No 3=Don't know	hh10a	
10.10.4 Is it possible to buy or sell customary land in this village, without first changing it to titled land? 1=Yes 2=No 3=Don't know	hh10b	

SECTION 11: FOOD PURCHASES (Beginning of May 2018 to end of April 2019)

11.1. Please tell us about the food that your household purchased or bartered into your possession for your home consumption from the beginning of May 2018 to the end of April 2019.
(Enumerator: Do not include in this table household food item procured as in-kind payment for labour and other services.)

Table 11.1 Food Purchases*Key Variables: cluster, hh, purch**Reference Period: Beginning of May 2018 to end of April 2019*

Product purchased/ bartered in <i>Enumerator: Ask specifically about each product listed below</i>		From the beginning of May 2018 to the end of April 2019 did this household purchase/ barter-in this product for home consumption ? <i>1=Yes 2=No → go to next purch</i>	May 2018 – October 2018				November 2018 - April 2019			
			What was the total quantity purchased/bartered-in between 1st May 2018 and 31st October 2018?			What type of supplier sold/ bartered this product to/with the hh? <i>(see codes below)</i>	What was the total quantity purchased/bartered-in between 1st November 2018 and 30th April 2019?			What type of supplier sold/ bartered this product to/with the hh? <i>(see codes below)</i>
			Quantity <i>Enter “0” if none →go to p06</i>	Unit <i>(see codes below)</i>	What was the average price per unit? <i>(ZMW)</i>		Quantity <i>Enter “0” if none →go to next purch</i>	Unit <i>(see codes below)</i>	What was the average price per unit? <i>(ZMW)</i>	
purch		p01	p02	p03	p04	p05	p06	p07	p08	p09
maize grain	1									
commercial maize meal (mealie meal)	2									
maize meal from grinding mill	3									

Unit Codes (p03, p07)			
1=90kg bag	6=90kg bag unshelled	12=MEDA	18=boxes
2=50kg bag	7=50kg bag unshelled	13=bunches	
3=25kg bag	8=25kg bag unshelled	14=MUCHUMBU	20=kilogram
4=10kg bag	9=10 kg bag unshelled	15=ka B.P.	23=Pamela/plastic
5=20lt tin	10=20lt tin unshelled	16=crates	
	11=5lt gallon	17=tonnes	

Type of supplier code (p05, p09)	
1=Retail shop/trader/marketeer	7=Commercial farm
2=Other household	8=Employer
3=Government agency/FRA	9=Bakery
4=NGO/faith-based organization/church	10=Supermarket
5=Cooperative	11=Miller
6=Outgrower	12=Other (specify) _____
	13=Hammermill

11.2 We would like to ask you about wild products that members of your household collected for home consumption or use and charcoal produced for home use.

Table 11.2.1: Wild Products & Charcoal

Key variables: cluster, hh, wildprod

Reference Period: Beginning of May 2018 to end of April 2019

Wild products		Did any member of this household collect ... for home use or consumption between 1st May 2018 and 30th April 2019? 1=Yes 2=No → go to next wildprod product	From the homestead , how far is it to the PRIMARY source of? (km)	What is the reason why firewood or charcoal was not collected? Enumerator ask this question If wd01 = 2 (no) for both wildprod= 8 and wildprod = 9 → go to wd02 (see codes below)	Who provided most of the labour for this activity? (see codes below)	Between 1st May 2018 and 31st October 2018 , what was the total value of the ... consumed or used by the household from own collection ? Enter "0" if did not collect during this period (ZMW)	Between 1st November 2018 and 30th April 2019 , what was the total value of the ... consumed or used by the household from own collection ? Enter "0" if did not collect during this period (ZMW)
Wildprod		wd01	wd01a	wd01b	wd02	wd03	wd04
Fish from lakes/rivers/streams (excluding fish ponds)	1						
Edible ants and caterpillars	2						
Wild fruits	3						
Wild honey	4						
Wild mushrooms	5						
Wild animals and birds (e.g. rodents, small game, other)	6						
Poles and timber	7						
Firewood (excluding charcoal)	8						
Charcoal (produced for homeuse)	9						
Thatching grass	10						
Fencing grass	11						

Reason (wd01b)	Main source of labour (wd02)	
1=Used electricity	1=Family – female adults	5=Hired – male adults
2=Bought	2=Family – male adults	6=Hired – female adults
3=Given by others	3=Family – male and female adults	7=Hired – male and female adults
	4=Family – children (< 12 years)	8=Hired – children (< 12 years)
	9=Family – female adult and children	

SECTION 12: MONTHS OF ADEQUATE HOUSEHOLD FOOD PROVISIONS

Enumerator: Tell the respondent that you would now like to ask about the household's food provisions during different months of the year.

12.1 Between May 2018 and April 2019, were there months in which the hh did **not have enough food** to meet its family's needs?

1=Yes

2=No → go to Q12.3

hh49

12.2 (If yes), which were the months between May 2018 and April 2019 in which the hh did not have enough food to meet its family's needs? (**Enumerator:** Do NOT read the list of months. Simply record a 1=yes for months the household mentioned being without enough food, and 2=no for months not mentioned by the household.)

Enumerator: Was the household without enough food to meet its needs in this month?

Table 12.2 Food needs Key Variables: cluster, hh, month

Reference Period: Beginning of May 2018 to end of April 2019

		1=Yes (not enough food) → go to FS01 2=No (month not mentioned by household)	What was the most insufficient food group? List up to three, starting with the most insufficient food group then second insufficient food group and then, the third insufficient food group. Enumerator: If less than three insufficient food groups given put -9		
month		Foodneed	fs01	fs02	fs03
May 2018	1				
June 2018	2				
July 2018	3				
August 2018	4				
September 2018	5				
October 2018	6				
November 2018	7				
December 2018	8				
January 2019	9				
February 2019	10				
March 2019	11				
April 2019	12				

Insufficient food groups (fs01, fs02, fs03)

- 1 = CEREALS - Any nshima, porridge, bread, rice, biscuits, noodles or any foods made from maize, rice, wheat, millet, sorghum or any other grains?
 2 = ROOTS and TUBERS – Any white or yellow sweet potatoes, Irish potatoes, yam, white cassava, or other foods from roots?
 3 = MILK AND MILK PRODUCTS - Any milk, cheese, yoghurt, sour milk, or other milk products?
 4 = VITAMIN A RICH VEGETABLES AND TUBERS – Any pumpkins, carrots, squash, or sweet potatoes that are orange inside and other available vitamin A rich vegetables?
 5 = DARK GREEN LEAFY VEGETABLES – Any dark green leafy vegetables including wild forms and locally available vitamin A rich leaves such as Amaranthus, cassava leaves, pumpkin leaves, sweet potato leaves, kale, spinach, okra?
 6 = OTHER VEGETABLES – Any tomatoes, onions?
 7 = VITAMIN A RICH FRUITS – Any ripe mango, ripe pawpaw?
 8 = OTHER FRUITS – Any guavas, oranges, avocado, including any wild fruits?
 9 = OFFALS – Any liver, kidney, heart, or other organ meats or blood-based foods?
 10 = FLESH MEAT – Any beef, pork, lamb, goat, game meat, crocodile, chicken, duck, guinea fowl, pigeon, quail, or other birds, insects?
 11 = EGGS - Any eggs from chicken, duck, guinea fowl, crocodile?
 12 = FISH - fresh or dried fish (e.g. kapenta, bream, chisense etc.)?
 13 = LEGUMES, NUTS and SEEDS – Any dried beans, groundnuts, or other foods made from these (e.g. peanut butter)?
 14 = OILS AND FATS – Any oils, fats or butter added to food or made for cooking?
 15 = SWEETS - sugar, honey?
 16 = SPICES, CONDIMENTS, BEVERAGES – Any spices, coffee, tea, alcoholic beverages?

Table 12.3: Household Dietary Diversity

Now I would like to ask you about the types of foods that you or anyone else in your household ate during the last 24 hours. Please **do not include** foods eaten outside the homestead that were **not prepared** in the home. *(Enumerator: foods consumed outside the home that were not prepared in the home should not be included).*

Table 12.3 Household Dietary Diversity

Key Variables: cluster, hh, fooditem

Reference Period: Last 24 hours

	FOOD PRODUCTS (Enumerator: As appropriate, locally available foods should be added into the food groups)	Did you or anyone else in your household eat in the past 24 hours? 1=Yes 2=No
Fooditem		fi01
1	CEREALS - Any nshima, porridge, bread, rice, biscuits, noodles or any foods made from maize, rice, wheat, millet, sorghum or any other grains?	
2	ROOTS and TUBERS – Any white or yellow sweet potatoes, Irish potatoes, yam, white cassava, or other foods from roots?	
3	MILK AND MILK PRODUCTS - Any milk, cheese, yoghurt, sour milk, or other milk products?	
4	VITAMIN A RICH VEGETABLES AND TUBERS – Any pumpkins, carrots, squash, or sweet potatoes that are orange inside and other available vitamin A rich vegetables?	
5	DARK GREEN LEAFY VEGETABLES – Any dark green leafy vegetables including wild forms and locally available vitamin A rich leaves such as Amaranthus, cassava leaves, pumpkin leaves, sweet potato leaves, kale, spinach, okra?	
6	OTHER VEGETABLES – Any tomatoes, onions?	
7	VITAMIN A RICH FRUITS – Any ripe mango, ripe pawpaw?	
8	OTHER FRUITS – Any guavas, oranges, avocado, including any wild fruits?	
9	OFFALS – Any liver, kidney, heart, or other organ meats or blood-based foods?	
10	FLESH MEAT – Any beef, pork, lamb, goat, game meat, crocodile, chicken, duck, guinea fowl, pigeon, quail, or other birds, insects?	
11	EGGS - Any eggs from chicken, duck, guinea fowl, crocodile?	
12	FISH - fresh or dried fish (e.g. kapenta, bream, chisense etc.)?	
13	LEGUMES, NUTS and SEEDS – Any dried beans, groundnuts, or other foods made from these (e.g. peanut butter)?	
14	OILS AND FATS – Any oils, fats or butter added to food or made for cooking?	
15	SWEETS - sugar, honey?	
16	SPICES, CONDIMENTS, BEVERAGES – Any spices, coffee, tea, alcoholic beverages?	

12.4: Household Hunger Scale**Enumerator:** Ask person primarily responsible for food preparation**Reference Period:** Last 30 days

12.4.1	In the past 30 days was there ever no food to eat of any kind in your house because of lack of resources to get food?	1=Yes 2=No → <i>go to hun03</i>	hun01	
12.4.2	How often did this happen in the past 30 days?	1=Rarely (1-2 times) 2=Sometimes (3-10 times) 3=Often (more than 10 times)	hun02	
12.4.3	In the past 30 days, did you or any household member go to sleep at night hungry because there was not enough food?	1=Yes 2=No → <i>go to hun05</i>	hun03	
12.4.4	How often did this happen in the past 30 days?	1=Rarely (1-2 times) 2=Sometimes (3-10 times) 3=Often (more than 10 times)	hun04	
12.4.5	In the past 30 days, did you or any household member go a whole day and night without eating anything at all because there was not enough food?	1=Yes 2=No → <i>go to Q12.5</i>	hun05	
12.4.6	How often did this happen in the past 30 days?	1=Rarely (1-2 times) 2=Sometimes (3-10 times) 3=Often (more than 10 times)	hun06	

12.5: Household coping strategies

Now I would like to ask you about the coping mechanism your household had to engage in as a result of lack of food or lack of money to buy food or meet other basic needs in the last 30 days.

Reference Period: Last 30 days

		1=Yes	2=No
12.5.1	During the last 30 days did your household engage in selling household goods (radio, furniture, mobile, solar panel, television, clothes, kitchen items, etc.) because of lack of food or lack of money to buy food or meet other basic needs?	cop1	
12.5.2	During the last 30 days did your household engage in selling jewelry/gold (e.g. ivory bangles, beads etc.) because of lack of food or lack of money to buy food or meet other basic needs?	cop2	
12.5.3	During the last 30 days did your household spend its savings because of lack of food or lack of money to buy food or meet other basic needs?	cop3	
12.5.4	During the last 30 days did your household buy food on credit because of lack of food or lack of money to buy food or meet other basic needs?	cop4	
12.5.5	During the last 30 days did your household engage in borrowing of money to buy food because of lack of food or lack of money to buy food or meet other basic needs?	cop5	
12.5.6	During the last 30 days did your household engage in selling of productive assets or means of transport (sewing machines, wheelbarrows, bicycle, livestock etc.) because of lack of food or lack of money to buy food or meet other basic needs?	cop6	
12.5.7	During the last 30 days did your household reduce essential non-food expenditures such as education, health and clothes because of lack of food or lack of money to buy food or meet other basic needs?	cop7	
12.5.8	During the last 30 days did your household have to withdraw children from school because of lack of food or lack of money to buy food or meet other basic needs?	cop8	
12.5.9	During the last 30 days did your household engage children (under 15 years old) to work to contribute to household income (e.g. maid, casual labour) because of lack of food or lack of money to buy food or meet other basic needs?	cop9	
12.5.10	During the last 30 days did your household engage children (15-17) in working long hours or work in a hazardous conditions because of lack of food or lack of money to buy food or meet other basic needs?	cop10	
12.5.11	During the last 30 days did your household engage adults (18+) in working long-hours or in hazardous conditions because of lack of food or lack of money to buy food or meet other basic needs?	cop11	
12.5.12	During the last 30 days did your household engage children under 18 to marry because of lack of food or lack of money to buy food or meet other basic needs?	cop12	
12.5.13	During the last 30 days did anyone in the household enter into a new marital/co-habiting arrangement because of lack of food or lack of money to buy food or meet other basic needs?	cop13	
12.5.14	During the last 30 days did the household engage in begging because of lack of food or lack of money to buy food or meet other basic needs?	cop14	
12.5.15	During the last 30 days did the household have to accept high risks, illegal temporary job because of lack of food or lack of money to buy food or meet other basic needs?	cop15	
12.5.16	During the last 30 days did the household engage in selling an old house or land because of lack of food or lack of money to buy food or meet other basic needs?	cop16	
12.5.17	During the last 30 days did the household have to reduce its expenses on agricultural, livestock or fisheries inputs because of lack of food or lack of money to buy food or meet other basic needs?	cop17	
12.5.18	During the last 30 days did the household have to depend on food rations and/or support from neighbours and relatives as only food/income source because of lack of food or lack of money to buy food or meet other basic needs?	cop18	
12.5.19	During the last 30 days did the household engage in collecting firewood for selling (not usual income) because of lack of food or lack of money to buy food or meet other basic needs?	cop19	
12.5.20	During the last 30 days did the household engage in selling sharing and exchanging food rations because of lack of food or lack of money to buy food or meet other basic needs?	cop20	
12.5.21	During the last 30 days did the household engage in selling non-food items that were provided as assistance because of lack of food or lack of money to buy food or meet other basic needs?	cop21	
12.5.22	During the last 30 days did the household engage in selling labour in advance because of lack of food or lack of money to buy food or meet other basic needs?	cop22	

SECTION 13: Kinship ties, tribal groups, migration and inheritance

13.1 Kinship ties to chief or headman/headwoman in this village / locality

Headman/headwoman questions

13.1.1a	Is the headman/headwoman in this village/locality related to the head of this household? <i>1=Yes 2=No → go to 13.1.1C 3=Respondent is headman/headwoman 4=No headman/women → go to 13.1.2a</i>	hh50a	
13.1.1b	(If yes) What exactly is the relationship of the headman/headwoman to the head of the household? <i>1=Blood tie 2=Marital tie</i>	hh50b	

If there is no spouse, the next two questions will not be available.

13.1.1c	Is the headman/headwoman in this village/locality related to the spouse of this household head? <i>1=Yes 2=No → go to 13.1.2a</i>	hh50c	
13.1.1d	(If yes) What exactly is the relationship of the headman/headwoman to the spouse of the <i>1=Blood tie 2=Marital tie</i>	hh50d	

Chief questions

13.1.2a	Is the chief in this village/locality related to the head of this household? <i>1=Yes 2=No → go to 13.1.2C 3=Respondent is chief 4=no chief → go to 13.2.2</i>	hh51a	
13.1.2b	(If yes) What exactly is the relationship of the chief to the head of the household <i>1=Blood tie 2=Marital tie</i>	hh51b	

If there is no spouse, the next two questions will not be available.

13.1.2c	Is the chief in this village/locality related to the spouse of this household head? <i>1=Yes 2=No → go to 13.2.2</i>	hh51c	
13.1.2d	(If yes) What exactly is the relationship of the chief to the spouse of the household head? <i>1=Blood tie 2=Marital tie</i>	hh51d	

13.2 Tribal groups and migration

13.2.2 What is the tribe of the (see codes below) (For polygamous households, ask about the most senior wife)	Current head	hh53a	
	Current spouse (not available if there is no spouse)	hh53b	

Tribe Codes (hh53a, hh53b)				
<u>BEMBA-SPEAKING</u>	<u>TONGA-SPEAKING</u>	<u>BAROTSE LANGUAGE GROUP</u>	<u>NYANJA-SPEAKING</u>	<u>TUMBUKA-SPEAKING</u>
13=Ambo	25=Goba	41=Imilangu	48=Chewa	60=Senga

03=Lala	19=Tonga	47=Mashasha		
08=Lamba		42=Mashi		
14=Lima		40=Mwenyi	<u>MAMBWE LANGUAGE GROUP</u>	<u>OTHER</u>
18=Luano	<u>NORTHWESTERN GROUP</u>	46=Nkoya	54=Lungu	63=Kaonde-Ila
02=Lunda (Luapula)	32=Chokwe	38=Nyengo	55=Mambwe	62=Shona
12=Mukulu	33=Kaonde	39=Simaa	56=Namwanga	
07=Ngumbo	29=Luchazi	45=Subiya	58=Tambo	64=Other
15=Shila	27=Lunda (North-Western)	44=Totela	57=Wina	
11=Swaka	26=Luvale			
10=Tabwa	31=Mbowe			
16=Unga	28=Mbunda			
05=Ushi	30=Ndembu			

13.2.3 Is the household head considered local or non-local?	1=Local	2=Non-local	hh54	
--	---------	-------------	------	--

13.2.3a	Did the head grow up in this area?	1=grew up in this area	2= came to settle here later → skip to 13.2.3c	hh54a	
13.2.3b	Has the head lived elsewhere for two or more years?	1=yes	2= No → skip to 13.2.4a	hh54b	

		Province (Enter code)	District (Enter code, see district code table)	Rural/Urban (1 = Rural, 2 = Urban)
13.2.3c	Where was the head living before coming to this area?	hh54c	hh54d	hh54e

13.2.4a	In what year did the household head settle in this village/locality ? Enter -9 if the head was born here and go to Q. 13.3 (year)	hh55a	
13.2.4b	What was the main reason the household head settled in this village/locality ? (see codes below)	hh55b	
	Reason why settled in this village/locality (hh55b) 1 = Head was born in this area (always lived here) 11 = Inherited land/assets 2 = Family/clan hails from this area (household head grew up elsewhere) 12 = Displacement 3 = Worsening weather pattern for farming in previous location 13 = Better infrastructure access (health centres, schools, electricity) 4 = Improved farming opportunities (access to farm inputs, market opportunities) 14 = Illness 5 = Land availability 15 = Land is more fertile in this area 7 = Retirement 16 = Agricultural employment 8 = Followed spouse to that area 17 = Non-agricultural employment 9 = Followed relatives who settled here 18 = Other (specify) _____ 10 = Land disputes in previous location		

13.3 Matrilocal/patrilocal and matrilineal/patrilineal questions. (Question is not available if the head was never married. If the head was married, please go back to adjust in the demography to select the appropriate marital code.)

13.3.1	At the time of the marriage of the head, which spouse moved to the other spouse's village ? 1 = wife moved to the husband's village 2 = husband moved to the wife's village 3 = husband and wife moved to a neutral location	hh56	
	Is this a matrilineal or patrilineal household?		
13.3.2	Enumerator: Definition Matrilineal , descent is established by tracing family roots exclusively through females from a founding female ancestor . 1 = Matrilineal Patrilineal , descent is established by tracing family roots exclusively through males from a founding male ancestor . 2 = Patrilineal 3 = Not clear	hh57	

13.4 Inheritance and extended family (If no male head/spouse the next two questions are not available. If there is no female head/spouse the last two questions in this section are not available.)

13.4.1a	How many total living brothers (from the nuclear family) does the male household head / male spouse have?	hh58	
13.4.1b	How many total living sisters (from the nuclear family) does the male household head / male spouse have?	hh59	
13.4.2a	How many total living brothers (from the nuclear family) does the female household head / female spouse have? (For polygamous households, ask about the most senior wife)	hh60	
13.4.2b	How many total living sisters (from the nuclear family) does the female household head / female spouse have? (For polygamous households, ask about the most senior wife)	hh61	

13.4.3	Has this household ever received an inheritance either in the form of land or cattle ?	1 = Yes	2 = No → go to SECTION 14	hh62	
---------------	--	---------	----------------------------------	-------------	--

(Enumerator: Ask if HH62 = 1)

Table 13.4.3.1 Inheritance received (land and cattle) Key Variables: cluster, hh, inherit, ih01 Reference period: **OPEN**

Type of inheritance received (<i>Enumerator: If there were multiple inheritances for land or cattle, please list all of them</i>) 1=Land 2=Cattle	In which year was this inheritance received? (<i>Enumerator: If there were multiple inheritances, please list each year received</i>)	What was the area of land or number of cattle that was received?	
		Quantity	Unit
		1=lima 2=acre 3=hectare	4=square meter 5=number of cattle
inherit	ih01	ih02	ih03

SECTION 14 – Building materials for the main house

Enumerator: Observe the household's main house and record the materials that it is made of.

14.1 Roof	1=grass thatched 2=iron sheet 3=roofing tile 4=concrete 5=cardboard 6=asbestos 8=no roof 7= other (specify) _____	hh64	
14.2 Walls	1=mud/unburnt bricks 2=burned bricks/cement bricks/stone 3=wood 4=iron sheet 5=grass/reed/bamboo/poles 7=poles and mud 6=other (specify) _____	hh65	
14.3 Floor	1=cement 2=earth/mud 3=ceramic tiles 4=wooden 5=other (specify) _____	hh66	
14.4 Electricity	Is the main house connected to ZESCO (or other electric company) ? 1=Yes 2=No	hh66a	

SECTION 15: Perceptions

15.2. Enum: I will now read to you several statements. Please tell me if you 1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree

15.1	It is difficult to accumulate wealth without help from relatives or other people	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hh67a	
15.2	It is important not to appear to be more financially successful than one's neighbors and relatives	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hh67b	
15.3	People in this area use witchcraft to become successful	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hh67c	
15.4	To be successful, prayer is more important than hard work	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hh67d	
15.5	People in this area drink too much alcohol	1=Strongly disagree 2=Disagree 3=Neither agree nor disagree 4=Agree 5=Strongly agree	hh67e	

SECTION 16: SOURCES OF INCOME FOR THE HOUSEHOLD IN THE 2017/18 MARKETING SEASON

Enumerator: Tell the respondent that we would briefly like to know about the sources of income in your household between May, 2017 to April, 2018 (i.e. 2 marketing seasons before)
Please note that this marketing season covers the 2016/17 agricultural season.

Reference period: May, 2017 to April, 2018

16.1	Did the household sell or barter any crop between May, 2017 and April, 2018? 1=Yes 2=No →go to Q. 16.2	hhs20	
16.2	Did the household sell or barter any livestock, poultry, or fish product (such as milk, eggs, meat, fish) between May, 2017 and April, 2018? 1=Yes 2=No →go to Q. 16.3	hh33b	
16.3	Did any household member earn income from <u>SALARIED EMPLOYMENT OR INFORMAL WAGE LABOUR ACTIVITIES OR PENSIONS</u> between May, 2017 and April, 2018? 1=Yes 2=No →go to 16.4	hw15	
16.4	Did any household member earn income from <u>FORMAL OR INFORMAL BUSINESS ACTIVITIES</u> between May, 2017 and April, 2018? 1=Yes 2=No →go to Section 17	hb18	

SECTION 17 – Previous deaths

17.1 We would like to ask about deaths within the household (since May 2015). (All members in 2015 who passed will appear automatically in the next table.)

Table 17.1.1 Deaths within the household*Key variables: cluster, hh, pdcode***Reference Period: Since May 2015 to April 2019**

ID	Write the Name	What was the sex of the deceased? 1=Male 2=Female	In which year did die? Enter year e.g., 2009	In which month did die? 1=Jan 2=Feb 3=Mar 4=April 5=May 6=June 7=July 8=Aug 9=Sept 10=Oct 11=Nov 12=Dec	In which year was born? Enter year e.g., 1999	Was the head of the household at the time of his/her death? 1=Yes → go to pd07 2=No	Was the spouse to the household head at the time of his/her death? 1=Yes 2=No	<i>(Enumerator: Ask only for members who died between May 2018 & April 2019 & year of birth (PD04) is 2007 or earlier (i.e., age was 12 and above)).</i>			
								Salary, wage, and pension income		Formal and informal business	
								Did receive cash or payment in kind from salaried employment, wage activities, or pensions between May 2018 & April 2019? 1=Yes 2=No → go to pd09	(If pd07 = 1 (Yes)) What was the total earned (both cash and in-kind) from employment by between May 2018 and April 2019 before his/her death? (ZMW)	Did receive cash or payment in-kind from a formal or informal business activity between May 2018 & April 2019? 1=Yes 2=No → go to next member	(If pd09= 1 (Yes)) What was the total earned (both cash and in-kind) from the business by between May 2018 and April 2019 before his/her death? (ZMW)
